

# ST. LOUIS CATHEDRAL AND JACKSON MONUMENT

As seen from New Orleans' Jackson Square. The St. Louis Cathedral, one of the most noted landmarks in North America, was erected in 1794. The Jackson Monument, unveiled in 1856, is outstanding in that the sculptor struck a perfect balance, and the entire weight of the statue rests only on the hind legs of the horse.

NEW HOPE FOR HEARTS

--- SUPPO

address THE HEART

We arrived here  
Saturday A.M.  
Obtained the tickets  
and attended a ball  
Sat. nite. It was  
beautiful and we  
do appreciate your  
efforts in obtaining  
them for us. Herb.
